

ESHS EQUESTRIAN CLUB SHOWING INFORMATION

This form is to provide general information on potential showing opportunities as an equestrian team throughout the year. Riders who wish to show and represent Seton must prove that they are show ready through sufficient & coached training for each level that they wish to show at. There are different showing levels for different experience levels of riders.

Each rider who is planning to show will also be responsible for covering all fees related to showing, including entry fees, purchasing the appropriate rider show clothing and gear (which recommendations may be provided for), and any other fees that arise. Show fees may also provide an opportunity for fundraising goals for the club as well.

REMINDER

This club does not assume each member will show. Simply participating in the club for the enjoyment of gathering experience around and working with horses is just as appreciative and commemorable.

ACADEMIC SCHOOL YEAR SHOWING OPPORTUNITIES

- * Interscholastic Equestrian Associations (IEA) www.rideidea.org
- * Inter-School Horse Show Series (ISHS) www.interschoolhorseshow.org

SUMMER (HORSE-SHOW-SEASON) SHOWING OPPORTUNITIES

- * Black Eyed Susan Horse Show Series (BEST) www.besthorseshows.com

There is potential for other showing opportunities, however these are the most likely that the team will choose to compete with. IEA is the most popular and team-friendly of the academic school year leagues, however ISHS still proves useful in low-key showing and having the potential to compete with our own horses if desired. BEST would provide wonderful showing opportunities for riders looking to show throughout the regular horse show season, particularly during the summer, and have the option in attending any or all shows from the season running March until August.
